**HELP US BRING THE TENNIS CHANNEL TO CANADA!** A petition to bring the Tennis Channel via Shaw Cable to British Columbia has commenced through a local tennis community. Most of us who live and breathe tennis would enjoy the opportunity to see professional tennis broadcast year round. We encourage you to pass this petition on to your league teammates, club tennis committees, general managers, board presidents, and of course your circle of tennis friends. Please take a minute to [sign the petition](#) and help move the process along.</p>
